City Administrator Report 11/17/2025

Municipal Leadership Academy: The Iowa League of Cities runs a training series for elected and appointed officials. The dates for the MLA 1 course have been posted. This course is geared toward brand-new Council members.

There is also the MLA 2 course for returning Council members, which delves a little deeper into the elected official role. For any council member interested, the lowa League of Cities will host the course virtually during the first week of January. Please let the Administrator know if you would like to attend. The MLA 3 course will also be available in April.

Kudos to Wastewater Employees: As will be mentioned in the Public Works director's report, our wastewater department replaced two gearboxes for our clarifier units. The initial bid for completing the work was \$293,888 (Parts and Installation). Our wastewater employees felt they could complete the job using local resources rather than contracting with Iowa Pump Works. The work was completed this past week at \$146,530 (Parts and Crane) and is now operational. The total cost avoidance using local resources is approximately \$147,000 in savings to sewer customers.

Council Tablets: To enhance connectivity with the City, other Council members, and the public, the Council will now receive tablets from the City. This will ensure that members can communicate with the public through their City email addresses without needing to use their personal email addresses. The tablets and cases are available for council members to pick up. The City Administrator will reach out to schedule a time to ensure each council member knows how to operate the new tablets.

Lead Line Inventory and Reporting: On October 7th, 2024, the EPA approved updated Lead and Copper rules for municipal water supplies. The new regulations that will be implemented will lower the acceptable level of lead that can be present in a water system from the current 15 parts per billion or .0150 MG/L to 10 parts per billion or .0100 MG/L. The new rules will require systems with more than 10% of the tested locations above the new threshold to enact a service line replacement program. Compliance with this standard will be required within ten (10) years.

One component of the regulatory change is that the City must send letters to all customers with service lines made of lead or unknown material. The City sent our 71 known Lead Letters (mailed 11-12) and 1739 Unknown Material Letters (mailed 11-12).

EMS Medical Director: We have reached a tentative agreement for a new EMS Medical Director. The Administrator is working on the medical director contract to start at the beginning of the Calendar year. Dr. Kathy Lange extended her role for an additional two months to ensure there is no lapse in coverage. **Public Works Shed Land Lease:** The City Administrator and PW Director are working on the extension of the land lease for the ground under the City PW shed on Franklin St. The proposed extension would extend the current lease from 2029 to 2059. The agreement is currently under review by the Fair board. The Fair Board has so far declined to make a counteroffer on the lease extension, and the board has completed some of the work that was to be included in the agreement. At this point, the current extension effort appears stalled. The City will develop additional strategies to extend this agreement but may need to include the construction of a new public works building in the FY28/FY29 budget.

FY27 Annual Budget: The Administrator and Dept. Heads have begun work on the FY27 Annual Budget (July 1, 2026 – June 30, 2027). We are currently working through Capital Project requirements, anticipating the initial council committees' discussion to begin in December 2025. City staff attended the annual Budget Workshop, hosted by the Iowa League of Cities and the Iowa Department of Management, in Ottumwa last week.

City Elections: This election cycle has been completed. The new council members and mayor will be sworn in at the December 15th, 2025, Council meeting and assume their roles at the January 6th Council meeting.

Airport Project: Airport project engineers, the FAA, and the City Administrator met to discuss changes to the proposed T-Hangar project. The initial project design review showed a cost increase of more than double the original estimate, primarily due to increased concrete taxiway requirements. The revised

proposal would build an 80' x 80' Box Hangar instead of a six-bay T-Hangar. This change is projected to reduce the cost of meeting the current FAA entitlement.

Recodification: Cities in Iowa are required to recodify their City Codes every five years. The City is working with Simmering-Cory/Iowa Codification to complete this process.

Stabilize, Tear-Down and Renovate (STAR): (S) Stabilization: Ongoing stabilization efforts are through the code enforcement department and the rental inspection program; **(T): Housing**

Abandonments/Demolitions for 2025: 902 E. State (demolished), 411 N. 7th (demolished), 717 N. 13th (Demolished, Under Construction), 620 N. 10th (Demolished, Under Construction), 1216 S 16th (Pending Demolition), 541/549 N. Park (Demolished), 1701 S. 19th; **(T) Demolition Grant Program:** Nine properties have been approved for the demolition grant: 714 S. 17th, 706 W. Maple, 505 N. Park, 1115 S. 18th, 109 N. 18th, 115 N. 18th, 1604 Drake, 724 W. Washington, and 626 W. Van Buren. Based on the City's estimated demolition cost, this represents approximately \$72,000 in cost avoidance to date. (Demolished, pending conveyance), 1337 Haynes (Demolished, conveyed); 919 S. 16th (pending demolition); 512 N. 10th (pending demolition), 823 S. 16th (City Acquired); **(R)Renovate: Currently, two structures acquired through the STAR program** are being renovated by local contractors and groups (801 S. Main and 202 W. Wall). Renovations help remediate blighted structures while reducing the City's overall cost by avoiding demolition costs.

Solar Production at Wastewater Plants: Included with this report is a spreadsheet showing the FY25 Solar production and electrical energy usage at our Wastewater Plants.

Over the last fiscal year, electricity generation has significantly offset the East Plant's electrical consumption.

For January, February, and March of 2025, there was a spike in the overall electrical usage at the East Plant. This was caused by having to run our sludge storage mixers for three months to ensure that the piping in the sludge tank didn't freeze. This should be a lesser issue for FY26, as the level in the sludge tank should be sufficient to protect the piping from freezing without requiring the mixing pumps to run for extended periods. If those usage rates do return closer to average consumption, there will likely be a positive revenue for our east plant generation.

All savings from reduced electrical costs are being allocated to debt service on the Wastewater Plant improvement project. The total savings from the solar area will be on track to reduce our annual electrical cost, sewer-wide, from approximately \$65,000 to less than \$20,000.

Mayor Mike O'Connor City of Centerville 312 E. Maple St. Centerville, IA 52544

Dear Mayor O'Connor,

Please accept this letter as a formal recommendation for the appointment of Mike Moore as the next Chief of Police for the City of Centerville, following a comprehensive, structured, and transparent selection process that involved multiple stakeholders, civil service procedures, and community participation.

Police Chief Hiring Process Overview

The recruitment process began with the public posting of the Police Chief position on September 16, 2025, through the lowa League of Cities, Iowa Police Chiefs Association, Appanoose Weekly, the City website, and social media platforms. The application deadline and first review occurred on October 16, 2025, resulting in three qualified candidates:

- Mike Moore (applied September 16)
- Josh Sinnott (applied October 9)
- William "Billy" Knight (applied October 14)

The Civil Service Commission conducted formal testing and interviews on November 4, 2025, at the Appanoose County Law Center. Following interviews and examination scoring, all three candidates were placed on the Chief's Eligible List and advanced to the final interview phase.

Final interviews were conducted on November 24, 2025, using a three-panel round-robin format, with each candidate participating in approximately 45-minute interviews with each group. These panels represented:

- Community Outreach
- Business Partners
- Interdepartmental Leadership

Each panel independently evaluated the candidates and submitted rankings and written feedback. While there was variation in second and third-place rankings, all three panels reached consensus that Mike Moore was the preferred candidate for the position of Police Chief.

Summary of Committee Feedback

Mike Moore consistently received strong evaluations across all interview panels. Key strengths identified include:

- Established relationships and community trust within Centerville
- Prior history and knowledge of the department
- Strong understanding of modern policing practices
- Community-oriented philosophy
- Professional presence and leadership presence
- Readiness for the role and ability to ensure continuity
- Demonstrated loyalty to the community

The primary areas for growth noted included the need to continue developing flexibility in leadership style, expand budgeting experience, and guard against reverting to overly rigid or micromanaging tendencies. These concerns were not seen as disqualifying but rather as natural development areas that can be addressed through continued professional development, mentoring, and structured performance expectations.

By contrast, the other candidates demonstrated potential but were viewed as needing additional time, experience, or development before assuming the role of Chief. Several committee members specifically encouraged developing these candidates for future leadership opportunities within the department.

Recommendation

After review of the Civil Service process, unanimous panel consensus, detailed feedback from Council and community representatives, and considering Mike Moore's proven readiness, departmental knowledge, and strong ties to the Centerville community, I recommend that the City Council proceed with the formal appointment of Mike Moore as the next Chief of Police for the City of Centerville, with a targeted start and swearing-in date of February 2, 2026.

Mike Moore represents continuity, professionalism, and community-centered leadership at a critical time for public safety operations. I believe his appointment will provide stability within the department and strengthen trust between the Police Department and the residents it serves.

Please let me know if you require any additional documentation or clarification prior to Council action.

Respectfully submitted,

Jason Fraser City Administrator

Members themselves have the primary responsibility to assure that ethical standards are understood and met, and that the public can continue to have full confidence in the integrity of government.

The chairs of boards and commissions and the Mayor have the additional responsibility to intervene when actions of members that appear to be in violation of the Code of Ethics are brought to their attention.

The City Council may impose sanctions on members whose conduct does not comply with the City's ethical standards, such as reprimand, formal censure, loss of seniority or committee assignment, or budgetary restrictions. If there is an ethics issue, a council, board, or commission member will meet before the City Council during a regular City Council meeting.

The member under Iowa Code section 21.5(i) can request a closed hearing to discuss the issue. Under City Ordinance, the City also may remove members of a board and commission from office by a vote of 3/5 of the City Council, and remove a member of the City Council from office by a vote of 4/5 of the City Council.

A violation of this code of ethics shall not be considered a basis for challenging the validity of a City Council, board, or commission decision.
