Economic Development Project Updates:

In Process:

(in order of potential to land)

1. Project Soybean: Agricultural company looking to build a soybean seed supply and an equipment manufacturing plant - a \$100-\$200 Million project with approximately 100 jobs. I have begun to assist Project Soybean with a High Quality Jobs application to be submitted to the Iowa Economic Development Authority.
2. Project Supertramp: Value-added agriculture company looking to build a \$2.5 Billion plant, 100+ employees with average annual wages of \$60,000. Rail user. Weekly conversations are occurring. A land option has been signed.
3. Project Bueno: This project would result in a two phased construction project to build first a restaurant, then after that is completed, a speculative space for retail/office or hotel. A developer is working on a site plan for a potential location in Centerville.
4. Meat Processing: Our current lockers are all experiencing generational transition and a great need for working capital to refresh buildings and equipment. As we move forward to assist this industry, we should prioritize those that will include State of Iowa inspection such that they can sell to local stores and restaurants.

Investor Update:

(as of 8-2-2023)

Diamond (\$10,000): 4

White Oak (\$5,000): 3

Sunshine (\$1,000): 10

Star (\$500): 13

Shamrock (\$250): 56

Friends (\$100): 26

Total Investors YTD: 98

Total Investor Revenue: \$61,189

Total in trade: \$34,855

Reopening Honey Creek Resort:

After sustained efforts by PACT and others, Honey Creek Resort is now managed by Achieva Enterprises, a locally owned company. I am pleased to report that all aspects of the resort are now reopened. The restaurant is serving all meals, the bar, indoor swimming facility, boat rentals, lodge, cottages, pavilion, and golf course are now operational. Achieva Enterprises has also added horse drawn carriage rides and a train excursion attraction to the resort.

I have recently begun to work on a long term goal of creating a Winter Writer's Conference at the resort and have an organizational meeting with author Mary Lee Ashford and Tourism & Main Street Centerville Director Delaney Evers this month to flesh out the concept and lock in dates.

Building Update:

Ervin Masonry has largely completed their work to rebuild the North and East walls of the PACT building at 128 N 12th Street. The roof is also completed.

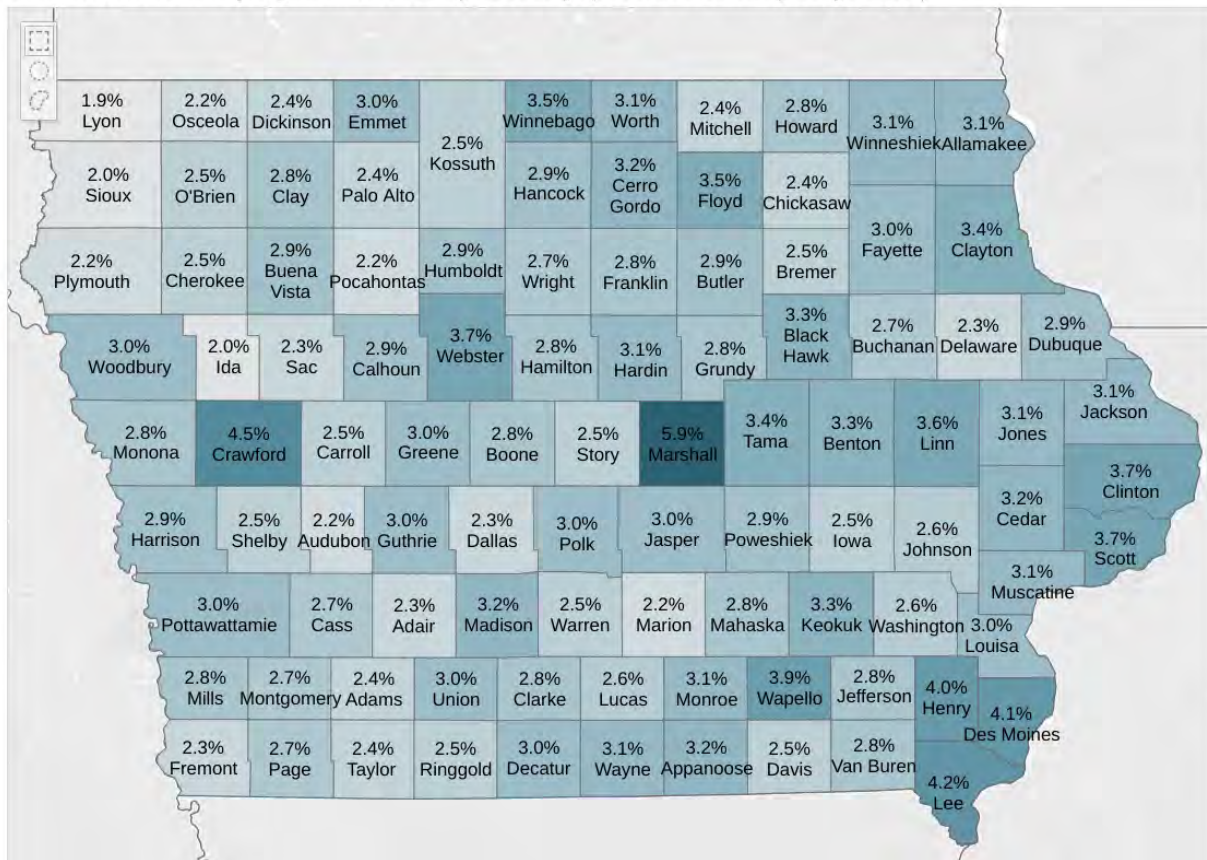

Windows and Doors have been ordered and should be installed by Pancake Day. This is yet another delay on their part, but appears to be the state of the industry.

Rick Dixon has commenced some of the clean up work (interior demolition) he can do while waiting for the windows and doors to be installed. He is also collecting bids from electricians for the interior rewiring and audio visual needs.

Appanoose County Unemployment:

June 2023 Unemployment Rate by County (Not Seasonally Adjusted)

Housing Strategy:

The PACT Board recently adopted a housing strategy for 2023 which includes three areas of endeavor:

1. Incentivize the construction of 60 new houses
2. Demolition of Derelict Housing
3. Creation of an Angel Investor Group to focus on rehabilitation and new build projects

The local government pitch teams have begun their work to present our strategy to Appanoose County Communities. We have three communities left to pitch.

We are currently pursuing a “Thriving Community” designation from the Iowa Economic Development Authority . If received, this will elevate our visibility to housing developers around the state and make it easier to receive tax credits and other beneficial advantages as we push to start a housing boom in Centerville.

Once complete I will begin to roll out the angel investor concept for Housing.

Scope

Battelle will conduct a geologic characterization study to evaluate the feasibility for carbon capture and storage (CCS) up to a 30-mile radius of the site identified by Appanoose, in the vicinity of Centerville, IA. Battelle will present the results from the study, identify any key risks, and make recommendations for further evaluations which may include a comprehensive CO₂ Plume Modeling Study. The main components of the proposed analysis will include:

1. **Subsurface Site Screening Assessment**
2. **Land Use Screening**

Recommendations

Site Feasibility Approach

Subsurface Site Screening Assessment

Battelle will conduct a subsurface site screen assessment to determine the feasibility for carbon storage at or in proximity to the identified area along with data accessibility, including well logs and seismic data. Battelle will utilize both internal databases of geologic and petrophysical data as well as publicly available data and literature to characterize the fundamental geologic properties required for carbon storage. Five subsurface characteristics are required for carbon storage which are: reservoir presence, capacity, injectivity, confinement, and containment. All five of these factors will be evaluated in our technical approach. Battelle will assess the feasibility of carbon storage based on the CO₂ injection target provided by Appanoose. This will include a CO₂ plume size estimate, preliminary project subsurface risk assessment and potential mitigation for identified risks.

Land Use Screening

Battelle's database of regional environmental, social, and infrastructure issues, in conjunction with public data, will be used to identify any potential project disruptions or delays in permitting and construction. This may include identifying stakeholders, issues of concern to stakeholders, or any state statutory requirements along with initial surface risks to project progress.

Based on the results of the site screening assessment and land use screening, a determination of the feasibility for carbon storage will be made, as well as recommendation for further site evaluation.

Project Management

Battelle's project manager (PM) will be responsible for the project tracking, planning, deliverables, and budget throughout all project tasks. Battelle's PM will ensure the successful completion of the project within scope, budget, and timeline proposed with consistent communication throughout the project with Appanoose.

Deliverables and Communication

Battelle will hold regularly scheduled Microsoft Teams meetings with Appanoose to discuss overall progress status and schedule. This will include a kick-off meeting and a final review of site screening

and recommendations. Battelle will support additional meetings requested by Appanoose. In addition, Battelle will deliver the following document deliverables:

- Summary of the site screening assessment and land use screening including recommendations in a PowerPoint presentation.

Schedule and Budget

The proposed overall project schedule is presented below, which can be tailored to meet Appanoose's needs.

Task	Project Week			
	1	2	3	4
Project Management				
Task 1. Subsurface Site Screening Assessment				
Task 2. Land Use Screening	(Kick-off meeting)		(Optional)	
Meetings	♦	♦		
Final Presentation				♦

Battelle anticipates this effort will take a total of one (1) month from kickoff meeting to the final presentation. For administrative and contractual purposes, the period of performance shall be two (2) months.

Battelle proposes a price of \$40,000 for the Site Feasibility analysis on a firm-fixed price basis to be paid upon completion of the project. The pricing table below details the proposed payment schedule and includes weekly stage gates. This approach provides for flexibility in the event the Battelle team discovers critical, project-ending information before completion of the study.

If Battelle receives a valid Sales tax exemption certificate for the applicable transaction from the Client, Sales tax will not apply.

The price above does not include any present or future assessments, fees, duties, tariffs, taxes or other charges imposed by the government of any other country or subdivision thereof on these services or on Battelle as a result of performing these services. These amounts shall be the obligation of the Client.

Each party shall retain the entire right and title to its intellectual property in existence prior to this Agreement or which is thereafter developed independently of this Agreement ("Background IP"), and no rights of any kind with respect to such property shall be granted to or otherwise created by either party to this Agreement except as specified in this Agreement or under a separate written agreement signed by Battelle and Client.

"Deliverable" shall mean the final product(s) identified as a deliverable in Battelle's formal Proposal. Deliverables shall be and are assigned and transferred to the Client as its sole and exclusive property upon the completion of the services and full payment to Battelle, provided however that Battelle retains an

irrevocable, royalty-free, paid up, worldwide non-exclusive license to the Deliverables developed as a part of the services for Battelle's research, development and demonstration purposes.

Notwithstanding anything to the contrary in this Agreement, nor anything in the Proposal, Battelle retains ownership of its Background IP and any improvement or derivative thereof. With respect to any Battelle Background IP included in the Deliverables, Battelle hereby grants the Client an irrevocable, royalty-free, paid up, worldwide, nonexclusive, nontransferable, non-sublicensable license to such Background IP necessary for Client to use the Deliverables with respect to the services, and only such Background IP as embodied in the Deliverables.

5. CONFIDENTIALITY

From the effective date of this Agreement until three (3) years following completion of the Project, Battelle agrees to not disclose to a third party the specific results of the Project as embodied in reports and correspondence transmitted to Client, without Client's written consent, except as required by law, or except as necessary to protect Battelle's intellectual property rights, such as filing for patent(s), or except to a Battelle affiliate that manages or co-manages a government laboratory; provided that such laboratory agrees to be bound by obligations of confidentiality to the same extent herein. Nothing contained herein restricts or impairs Battelle's right to use, disclose or otherwise deal with any data, results or information which: (a) was generally available to the public or thereafter becomes generally available to the public by publication or otherwise through no fault of Battelle; (b) was in Battelle's possession prior to the time of disclosure to or development by Battelle hereunder; (c) was independently made available to Battelle with no restriction on use or disclosure as a matter of lawful right by a third party; (d) was independently developed by Battelle; or (e) is required to be disclosed by a court of competent jurisdiction or by a government agency.

6. WARRANTY AND LIMITATION OF LIABILITY

Battelle warrants that it will perform the services provided under this Agreement with the degree of skill and judgment normally exercised by recognized professional firms performing the same or substantially similar services. In the event of a breach of this warranty, Battelle shall, at its sole discretion, (a) re-perform the non-complying service at its own expense; or (b) refund the amount paid to Battelle by Client for the non-complying services. The foregoing shall be the exclusive remedy of Client and the sole liability of Battelle for breach of warranty. To be eligible for the remedies specified above, all warranty claims must be in writing, fully describe the nature of the non-complying services, and be presented to Battelle no later than ninety (90) days after the final Project Information is provided to Client.

BATTELLE MAKES NO OTHER WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY, FOR ANY GOOD, REPORT, DESIGN, ITEM, SERVICE OR OTHER RESULT TO BE DELIVERED UNDER THIS AGREEMENT.

NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT TO THE CONTRARY, IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, ARISING FROM OR IN CONNECTION WITH THIS AGREEMENT AND REGARDLESS OF THE CAUSE OF ACTION OR THEORY OF LAW ASSERTED.

In no event shall Battelle's cumulative maximum liability arising from any cause(s) and regardless of the cause of action or theory of law asserted exceed amounts paid by Client to Battelle under this Agreement.

7. INDEMNITY

Client agrees to indemnify, defend and hold harmless Battelle, its affiliates and their respective directors, officers, employees, consultants, and agents (collectively, "Battelle Parties") from and against any and all losses, costs, expenses, claims and damages, including and without limitation, claims for property damage, personal injury, disease or death suffered by any person, including Client's parties, and reasonable attorney's fees and court costs related thereto (all the foregoing collectively "Losses") to the extent caused

By the negligent acts or omissions of Client, except to the extent that the Losses arise from Battelle's sole negligence, gross negligence or willful misconduct.

Further, Client retains responsibility and all decision-making authority for the design, registration, manufacture, marketing, distribution and sale of Client's products and/or services. Therefore, Client agrees to indemnify, defend, and hold Battelle, its affiliates, and their respective directors, officers, employees, consultants, and agents harmless from any and all liabilities, demands, damages, costs and expenses (including reasonable attorney fees and court costs) arising from third party suits or claims resulting from product liability and/or Client's use, inability to use, or misuse of any deliverable, data, item or other information delivered by Battelle.

8. COMPLIANCE WITH LAWS

The parties agree to comply with all laws and regulations applicable to the performance of their respective obligations under this Agreement, including those related to export control, and neither party shall export nor re-export any tangible goods, service or information related to this Agreement without first obtaining any required export licenses or other governmental approvals, if required by law. Each party is responsible for its own compliance with this provision.

9. NON-ENDORSEMENT AND USE OF NAME

Battelle does not endorse products and services. Therefore, Client agrees that it will not use or imply Battelle's name or marks, or use Battelle's reports, for advertising, promotional purposes, raising of capital, recommending investments, or in any way that implies endorsement by Battelle without Battelle's prior written approval. Battelle will not use Client's name or marks for advertising or promotional purposes without Client's prior written approval.

10. NON-SOLICITATION OF EMPLOYEES

During the term of this Agreement and for a period of one (1) year following the termination or expiration thereof, Client shall not solicit for employment the technical or professional employees directly involved with the work performed under this Agreement. This clause shall not restrict an employee of Battelle from pursuing on their own initiative employment opportunities with the Client and Client shall have no restriction on hiring such employee.

11. TERMINATION

Either party may terminate this Agreement for its convenience upon thirty (30) days written notice to the other party. Any termination or expiration of this Agreement by Client shall not affect Client's outstanding obligations for payments due for services rendered and costs for materials and expenses incurred by Battelle on Client's behalf prior to the date of such termination or expiration. Client shall pay Battelle termination charges including, without limitation, labor and material expenses, overhead charges, fee, and shutdown costs incurred by Battelle and arising out of Client's termination for convenience within thirty (30) days of receipt of Battelle's final invoice. After receipt of payment, Battelle will provide Client with reports or other deliverable items available as of the date of termination.

12. FORCE MAJEURE

Neither Client nor Battelle shall be liable for any expense, loss or damage (except payment of monetary obligations) resulting from delay or failure to perform caused by acts beyond the control of the party delayed or unable to perform including, without limitation, acts or failure to act of government and war or acts of terror (a "Force Majeure Event"). In the event of any delay or failure to perform occasioned by the foregoing, the time for performance will be extended by a period of time equal to the time lost by reason of such delay or failure to perform and any other affected provision(s) of the Agreement including, without limitation, price, shall be equitably adjusted provided that the party delayed or unable to perform provided the other party with written notice of the occurrence and impact of the Force Majeure Event.

13. INSURANCE

Each party shall maintain during the term of this Agreement and at its own expense, insurance in amounts reasonable and customary for a responsible entity in its industry, and all insurance required by any applicable law or regulation of a jurisdiction having authority over the party's operations or activities.

If applicable, any property furnished by Client for use on this Project shall remain the property of Client and Battelle shall have no responsibility for insuring such property against loss or damage. Client will cooperate in providing any required safe handling or operation instructions and Battelle may reasonably rely on the information provided.

14. MISCELLANEOUS

This Agreement may not be assigned in whole or in part without the prior written consent of both parties, which shall not be unreasonably withheld or delayed. This Agreement shall be binding upon, inure to the benefit of, and be enforceable by and against the successors and permitted assigns of each party.

The failure by one party to require performance of any provision or to exercise any right, remedy or option available under this Agreement shall not affect that party's right to require performance or to exercise such right, remedy or option at any time thereafter, nor shall a waiver of any breach or default of this Agreement constitute a waiver of any subsequent breach or default or a waiver of the provision itself.

If any part of this Agreement shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other part of this Agreement.

This Agreement may be modified or amended only by mutual agreement in writing. No course of dealing, usage of trade, waiver, or non-enforcement shall be construed to modify or otherwise alter the terms and conditions of this Agreement.

This Agreement, including the Proposal incorporated herein, represents the entire agreement of the parties and supersedes any prior discussions or understandings, whether written or oral, relating to the subject matter hereof and neither party makes any representations other than as expressly set forth in this Agreement. In the event of any conflict or inconsistency between these terms and conditions and those of the Proposal, these terms and conditions shall control.

This Agreement shall be construed in accordance with the laws and enforced within the jurisdiction of the State of Ohio, without regard to its conflicts of law principles.

Clauses 3, 4, 5, 6, 7 8, 9, 10 and 14 shall survive termination or expiration of this Agreement.

IN WITNESS WHEREOF, this Agreement is executed by the duly authorized representatives of the Parties.
